

# SCHOOL HOLIDAY PROGRAMS

Outside the Box offers a super fun filled School Holiday Program packed full of daily excursions available to two age groups. Our School Holiday Program runs every school day, during school hours. Each day begins at the base, from which we provide transport to daily excursions.

Support options for the School Holiday Program are 1:1, 1:2 and 1:3. We have a strong team of highly skilled support workers to ensure all participants receive high quality care that matches their individual needs.

Each day is jam packed full of activities designed to be fun and exciting along with flexible and educational. You are welcome to book in for as many or as few days as you would like.
